

Please remember to place garbage waste totes or cans
away from the roadway edge

**DO NOT place the garbage totes or cans in the road
or on the shoulder of the road as it interferes with the
day-to-day operations of the Moscow Borough DPW**

Our recommendation is to place garbage totes or cans
in your driveway 5 feet behind
the road edge or existing snow banks

Moscow Borough Ordinance 204-2008 states
municipal waste must be in an approved container for a
limited period of not more than twelve hours when the
municipal waste is set out for pickup
by a licensed hauler
